

Brett H. Merrick

Vice President Operations

SchoolWorks, Inc.

Brett Merrick has over 18 years of experience working with GIS-based facility planning software and demographic analysis. Mr. Merrick studied cartography and GIS mapping from the University of Nevada Reno and is currently enrolled in the University of California educational facility planning certificate program. His areas of expertise include geocoding, informational mapping and database development. He utilizes MapInfo Professional, ESRI, and AutoCAD for these purposes. As a founding member of SchoolWorks, he oversees the day-to-day project operations of all Facility Planning and Demographics projects. He is responsible for ensuring that SchoolWorks meets and exceeds the expectations of our clients and providing the best service possible.
